Monday	Lunch Time Knitting	Active Fusion - Sport 3.15 pm - 4.15 pm Yr1 - Yr6
Wednesday	Lunch Time Knitting	Active Fusion - Sport 3.15 pm - 4.15 pm Yr1 - Yr6
Thursday		Commando Joe 3.15 pm - 4.15 pm Yr1 - Yr4

Foundation Stage

We have had a busy week learning all about subtraction. The children have found out a lot of language to use when talking about taking 1 away, finding out 1 less, the minus sign and the number before a given number. They have risen to the challenge and have enjoyed songs and games we play when we are learning about these problems. We have also been learning about prepositions and positional language. Cesar made a great structure and placed the leopard on top, behind, in front of and at the side, in our temporary accommodation, as we wait for the building works to be completed in our classroom.

Promoting
Healthy
Living

Year 2

Year 2 have been learning about Judaism this week and have been writing their own rules for their Torah scrolls. In addition the children have been searching for fossils and making soil as part of their science learning.

Year 1

This week in year 1 we have been learning about money and the value of coins and notes. We have ordered the coins and attempted to make different amounts using the correct coins (we found this quite tricky!). Within our PSHE work we have been thinking about similarities and differences between people and have realised that we are all unique, but that this is alright. To conclude our space topic we have listened to different space music and sounds and thought carefully about how this makes us feel and what we imagine when we hear it. We used un-tuned instruments to create our own space sounds as a class piece.

Health and Fitness week 28 Feb - 3 March

When the children return after half term we are holding a special week all around health and fitness. **Can you please ensure that your child has a kit in school all week for indoor and outdoor, including suitable footwear.** The week will consist of external leaders coming in to teach and encourage children to lead healthy lifestyle. As part of the week we have a coach from Cre8ive school coming in all day on Tuesday to work with the whole school. On Wednesday Luke Millar from Active Fusion will be holding an intra-school athletics completion which will finish with an awards ceremony and afterschool club for any children who are interested. Thursday we have a coach from Doncaster gymnastics academy coming in to work with all children and she will be offering an after school club to anyone in key stage 2. In addition to this Miss Owen, who has a degree in exercise science, personal training and circuit training, will be running boot camp style fitness classes and classroom based theory on food and nutrition all week. She will also be holding an afterschool circuit club on Tuesday, this is open to parents and children, however there are limited places due to space, so please come and see Miss Owen to put your name down and confirm a place.

Message from Head of Academy

Half Term Holiday

School will close for the half term holiday on Friday 17 February at 1 pm and re-open on Tuesday 28 February at 8.40 am

Monday 27 February is a staff training day and school will be closed to pupils on that day.

Help us to stamp out head lice by regularly checking your child's hair during the holiday and treating if necessary.

L Carlisle
