

Art and design - Muck, mess and mixtures- This topic will give us the opportunity to learn about different materials and mixtures and explore these in a variety of ways including making, eating and exploring food and the texture, printing with food, creating collages and using clay. We will also look at origins of food and how to lead a healthy lifestyle. This topic is cross curricular so we will be learning across all subject areas including computing, D&T, music and science.

D&T

Food tasting, origins of food, healthy meals, design an outdoor kitchen.

COMPUTING

Stop motion animation, digital photography & presentations.

PSHE

Safety & health and well-being.

RE

Hinduism

Muck, mess & mixtures Year 2 Spring 1

PE

games
